

Prompt & Safe removal of toxicity

R_x
Coalactive
Activated Charcoal 200 mg. &
Sorbitol 200 mg./ml.
Suspension

Powerful antidote & detoxicant for a broad range of poisoning in animals

Fast removal of toxins

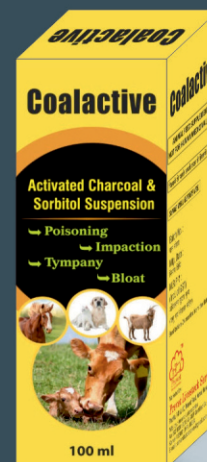

Sorbitol acts as laxative and eliminates activated charcoal & toxins complex in less than 3 hours.

Prevents reabsorption of toxins

Activated charcoal toxin complex may become stationary in GIT releasing its adsorbed toxins which may subsequently be absorbed in the intestine.
