

# PERFECT STOMACHIC RUMEN BUFFER

## STARBUFF POWDER

### Each 100 g contains :

Lithothaminum calcareum : 60 g

Live yeast culture

(*Saccharomyces Cerevisiae* : 20 g

Excipients : q.s.

### Recommendation :

Large animals : 50-100 g per day per animal

Small animals : 25-50 g per day per animal

Goat and sheep : 5-10 g per day per animal

Mixing ratio in feed : 0.5-1% W/W

### Advantages:

- Corrects ruminal acidosis & indigestion
- Stabilise ruminal pH & restores ruminal motility very fast
- Stimulate hunger to the animals, thereby improves dry matter intake
- Supportive therapy in any kind of treatment
- Enhances production performance of animals

### Presentation:

100 gm &  
1 kg powder

**VERSATILE UTILITY AND FAST RESULTS...**
